

## Adhesive dots for floor marking

*Reference : 20*

### Description :

All of the adhesive dots for floor marking have a non-slip coating and provide an ordered and securing image in production workshops

### Benefits :

- Reinforced adhesive pads are ideal for smooth floors and harsh environments
- Resistant to frequent use or wheels
- Excellent product to set up a 5S site in your industry
- Applicable on smooth, porous, old, oily, dirty floors (depending on the quality chosen)
- Makes ground marking more flexible and less restrictive than rollers
- Easy to install and replace if the tablet is damaged
