

## Workshop stool | WORKSHOP STOOL CLASSIC

*Reference : 59*

### Description :

Workshop stool Comfort, robustness and ergonomics for professionals The CLASSIC workshop stool is designed to meet the requirements of professionals working in workshops, industry or laboratories. Thanks to its ergonomic polyurethane seat, it offers optimal comfort while guaranteeing exceptional resistance to shocks, cuts, oils and solvents. Its height adjustment by gas cylinder allows rapid adaptation to each user, thus optimizing the ergonomics of the workstation. Ideal for intensive use, this stool combines durability, stability and ease of maintenance, making it an essential choice for demanding environments. Main features:- High-strength, easy-to-maintain polyurethane seat

- Seat dimensions: L 330 x D 220 x Th. 50 mm for optimal comfort
- Height adjustment: Easily adjust the height of the stool using a jack from 450 to 650 mm
- Black 5-star base, ensuring excellent stability
- Polyamide pads, ensuring perfect grip and preventing slipping
- Admissible load: Capable of supporting up to approximately 120 kg.
- Modularity and adaptability: Possibility of adding an optional chrome circular footrest and casters for greater comfort and fluidity

User benefits:- Ergonomic posture: adjustable height to adapt to different tasks

- Maximum adaptability: soft-tread casters and circular footrest for personalized comfort
- Stability and safety: sturdy base and non-slip pads guarantee excellent support
- Reduces fatigue by maintaining a proper posture throughout the day
- Durability and resistance: designed to withstand the harsh conditions of industrial environments
- Easy maintenance: easy-to-clean material, resistant to oils and chemicals
