

Swivel arm for lateral mounting | Swivel arm for INFOPOST 200

Reference : 444

Description :

This accessory will allow you to fix your INFOPOST 200 laterally so that it can be rotated using the arm.

Benefits :

- The swivel arm offers great flexibility.
- The swivel arm can be adjusted to the desired height and can be adjusted individually.
- Free up a lot of space on your workstation.
- The bracket is simply attached to the aluminium profile using a solid screw bracket.
