

File folders organizer | FIFO OFFICE

Reference : 494

Description :

The file folder organizer |FIFO OFFICE is an original, innovative, novel solution for first-in, first-out file management. The user will enter the files at the top, and extract them from the bottom. Pending levels can be monitored against the ideal number by colour coded thresholds (green, yellow, red) indicated by the magnetic strips provided. The FIFO OFFICE is easy to use and works without supervision, promoting greater employee involvement, while enabling visual tracking of file progress. - Can hold A4 size pockets up to 18 mm thick

- Provided with 3 magnetic tape to cut by yourself (green, yellow, red) and 1 identification magnetic label

Benefits :

- Based on the FIFO principle, the file organizer is an original solution for managing files in order of arrival: first in - first out.

- Thanks to its transparent box and the colour indicators on the side, you can follow the proper follow-up of your files in complete autonomy.

- For A4 format pocket with a maximum thickness of 18 mm.
