

FIFO KANBAN Scheduling support | LEANFLASH FIFO

Reference : 523

Description :

The FIFO KANBAN planning support |LEANFLASH FIFO is a solution to ensure KANBAN control.Implementation is simple and immediate, from cards on which a label edited from a printer is affixed or slid.Thus the user will slide the cards into the LEANFLASH FIFO and will be able to follow the ideal level according to the visual color thresholds (green, yellow, red) from magnetic strips included. - Capacity: 4, 8, 12 or 16 cards with the FIFO extension

- Use of colours or universal Kanban cards.
- Provided with 3 magnetic tapes to cut by yourself (green, yellow, red)

Benefits :

- Ideal for a simplified and visual management of your planning.
- Gives employees more autonomy and responsiveness.
- FIFO planning support can be installed on all magnetic surfaces.
- Universal Kanban cards that can be customized or in color (7 colors available).
- Several configurations possible thanks to FIFO extensions, for a capacity of 4, 8, 12 or 16 cards to choose from.
