## Drawbar for manual towing

*Reference : 579*

---

### Description :

This manual towing drawbar for trolleys can be used with a trolley that can be towed on wheels. This accessory makes it easy for you to move your bins on trolleys!

---

### Benefits :

- Ideal support for manually linking and towing several mobile bin carriers in the form of a "little train".
- Allows the trolleys to be moved very easily and the production line to be fluidized as part of lean manufacturing.
- Can be easily installed using its hook system.

---
