
Rear bottom for QUALIPOST 2200 and 3200

Reference : 15645

Description :

Benefits :

- 3 configurations are possible: with a painted white sheet back panel offering a dedicated visual management area for the magnetic display of various information, with a perforated sheet back panel to provide all the tools necessary for production, with an open panel equipped with a multifunctional rail allowing full visibility of all the immediate surroundings.
- Its grooved anodised aluminium frame is an additional asset for fixing accessories (shelves, shelves, file supports, signage banner, etc.).
- Easy and quick mounting on the chassis thanks to the aluminium uprights.
- Available in several widths from 1000 to 2000 mm.
