

KANBAN batch leveller box | LEANFLASH NIVELL

Reference : 18568

Description :

A new and original idea to form, view and level production. The operator will progressively slide the cards into the boxes according to:- time slots- different colour thresholds (green, yellow, red)- different parts. These markings are configured by descriptions printed on the label and slide into a magnetic holder (several examples of descriptions are provided). - Provided with a 16 -box capacity and 1 magnetic label H 40 mm/H 1.57 Inch

Benefits :

- Easily level your production with batch boxes and identify them quickly with labels.
- The steel holder is supplied with 16 boxes with a capacity of 9 Kanban cards each.
- Easily remove a complete batch box from its holder to empty and refill it.
- Several possible fixings: magnetic fixing on whiteboard, screw fixing or fixing on aluminium profile.
