

Intuitive digital paperboard | E-PAPERBOARD

Reference : 18638

Description :

A digital evolution of traditional whiteboards, the E-PAPERBOARD opens a new era of collaborative work within companies. Ergonomic and very easy to use, it has established itself as the new essential tool to promote creativity and the sharing of information. The E-PAPERBOARD allows you to easily create, present, annotate, share or even move documents. Its intuitive and user-friendly interface ensures immediate handling for optimized productivity. The onboard technology reproduces the sensation of writing on paper, without the constraint of a specific stylus: any pen or hooded marker at hand works. Deleting content is just as simple and is done with a swipe of the palm over the area to be erased. - 55" format

- Portrait/landscape orientation
- Double aluminum base on ø 75 mm casters with 90° rotating screen attachment
