

Rear bottom for QUALIPOST ERGO

Reference : 14831

Description :

Rear bottom with white painted sheet metal to be fixed on QUALIPOST 620 and 650 frame

Benefits :

- Background with white painted sheet metal offering an area dedicated to visual management for the magnetic display of instructions, operating modes, etc...
- Its grooved anodised aluminium frame is an additional asset for fixing accessories (shelves, shelves, file supports, signage banner, etc.).
- Easy and quick mounting on the QUALIPOST 620 ERGO chassis thanks to the aluminium uprights.
- Available in lengths of 620, 964 and 1264 mm.
