

Wall bracket with pivot sleeves | DOCAFLEX WALL-MOUNTED

Reference : 99

Description :

The Kit DOCAFLEX pivoting wall stand with pockets is a true information centre that effectively combines the organization and dissemination of information for use in a difficult environment: dust, greasy marks. Multifunctional, it makes information visible where it needs to be read! Unlimited extension by simply coupling units together side by side. - Available formats: A4/A3 portrait/landscape

- Wall unit colour: light grey
- Material: metal
- Equipped with 4 lateral stoppers for cleaning pockets. 10 A4 display pockets in various colours (blue, red, yellow, green and black)
- Index tabs (neutral/coloured inserts) for 10, 20 or 30 pockets
- Delivered with mounting kit and set of 5 index tabs

Benefits :

- Infinitely expandable by simply coupling elements side by side.
- Available in horizontal or vertical position to display and protect any document to be displayed.
- Tilting thanks to pluggers for a comfortable reading angle.
- Immediate identification thanks to coloured edges and jumpers.
