

DESIGN LED LIGHTING

LED lighting for workstations

LED lighting at the workstation is essential to guarantee a sufficient level of illumination and thus avoid visual fatigue and discomfort. In order to facilitate the work of operators and adapt to everyone's needs, LED lighting is available in 2 sizes and 4 levels of light output.

- On/off switch
- Extremely homogeneous, glare-free illumination
- LED technology
- Robust steel casing
- European standard electrical outlet

Application

Workstation accessories, Workshop, Lighting, Warehouse, Industry, Lean Manufacturing

CODE	DESIGNATION	LEAD TIME	PACKING
551246	W 600 mm/W 23.62 average brightness 400 lux	On stock	Assembled
551248	W 1200 mm/W 47.24 Inch average brightness 600 lux	On stock	Assembled
