Foam cutting

Laser marking allows you to define the location of your tools in foams.

CHOICE OF PTZ FOAM

When choosing the PTZ storage foam, you can opt for the standard model - with blue background (A) - or make your own composition by choosing the color of the 2000 x 1000 mm / 78.74 x 39.37 inches cut-to-size plate (B).

Cutting only on black foam.
